

# Transcribe Oral Interviews to Finalize KMNBP's Veterans' History Project; Edit Parks as Classrooms

Project Title	Transcribe Oral Interviews to Finalize KMNBP's Veterans' History Project; Edit Parks as Classrooms
Project Summary	Transcribe oral interviews from audio format into a written "script" for Kennesaw Mountain National Battlefield Park's veterans' history project. Edit/digitize Parks as Classrooms documents, adding curriculum grade-level standards and updating information as needed; then post these online.
Country	United States
Country/Region of Focus	United States

## Project Description

Kennesaw Mountain National Battlefield Park (KMNBP) hosted an oral history project focused in getting diverse stories from veterans from WWII to the present. The project was completed a year ago (with 17 veterans interviewed), but the audio files have yet to be transcribed. Having the written document would greatly enhance the park's capacity to preserve these stories. If you have a skill in transcribing, this is the job for you!

Additionally, KMNBP has a series of documents originally designed as Parks as Classrooms materials for elementary - high school teachers. While the historical/background information hasn't changed, some pertinent information is lacking (performance learning standards, adding extension/connection activities, etc). We would like to utilize these documents and make them more applicable to teachers today by editing and then digitizing them for use as pre- and post-fieldtrip lesson plan activities, and then posting to our park website. For someone with savvy computer skills and adept at typing, this would be a valuable project to complete for the park.
